Two Special Maps

Freeport has so much to offer — both in its gentle countryside and its busy downtown.

That's why we've developed these touring maps: to guide you to everything there is to see and do, in and around Freeport.

Inside, for example, you'll find the Freeport Walking Map, a complete tour of downtown Freeport and all the things you can see on foot.

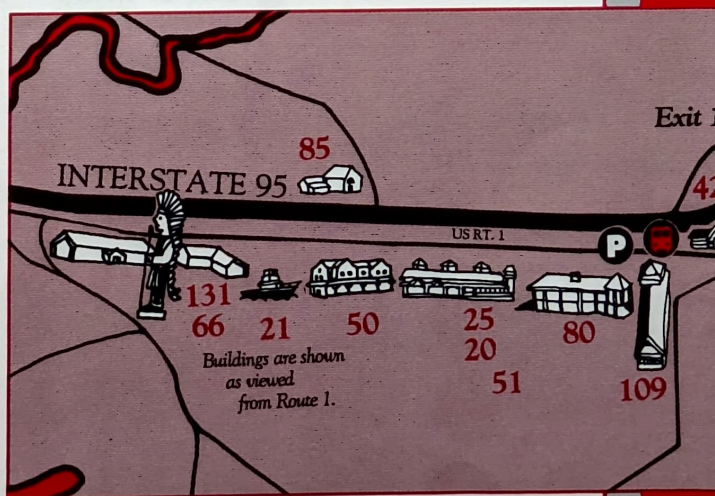

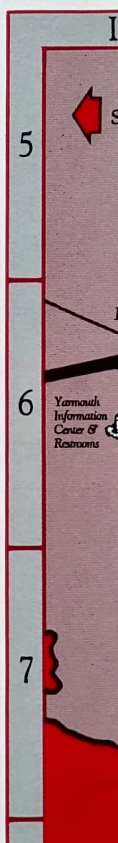

To the right, you'll find the Freeport Auto Map, a special guide to the Freeport countryside, and sites that are most easily reached by car.

Two special maps. They'll both lead you to the best in Freeport.

The Auto Map, for example, will help you to find some of the most fascinating points of interest in the Freeport area — ones that many visitors often miss. The quiet woods and working wharves; the oceanside camp sites and country inns; and unspoiled shore. Plus, there are many more stores and shops along the way.

For full descriptions of each attraction on the Auto Map, see our complete numerical listings on the interior of this brochure.

To use the Freeport Auto map, simply match up the numbers of the businesses and points of interest listed at right with the numbers provided on our map. The map legend system makes them easy to locate, and you're almost there!

From the first name in the great outdoors to the last word in fashion and from the bustle of Main Street to the salty quiet of the wharves, some of the best things in life are in Freeport.

The prettiest things (folk art, galleries and early American homes).
The warmest things (knits and woolens and hot blueberry anything).

The most down-home things (baked bean suppers and L.L. Bean).

The most upscale things (stylish housewares and international fashion).
The most edible things (lobsters and steamers and fresh native corn).
The most incredible things (the oceanfront grandeur of Wolf Neck State Park).

The biggest names.

The smallest, most charming shops.

And always, the very best finds: A friendly old Yankee...an unexpected (really great) bargain...a flea market treasure...a classic farmscape.

All here, in the shops, the eating places, the nooks and crannies of Freeport. And all are a very easy 20 minutes north of Portland.

20 minutes north of Portland - 2 1/2 hours from Boston - Open year 'round
